Lord Byron (1788-1824): A British Poet and leading figure in the Romantic Movement. Well-known works include *She walks in Beauty*, *When We Two Parted*, *Childe Harold's Pilgrimage*, and *Don Juan*.

Caroline Lamb (1785-1828): A British aristocrat and novelist, she is best known for her affair with Lord Byron in 1812. Her most famous work is a gothic novel, *Gelarvon*, released in 1816 after Byron left England.

Fractals: Detailed patterns which repeat themselves. Sometimes created through iterated algorithms, they range from the simple to the complex.

Sierpinski's Triangle

Repeatedly move the "seed" halfway towards a random corner of the triangle
