This past Sunday, Kwame Burroughs
was struck with a severe throat and
tonsil infection rendering him
unable to perform the role of
Sir Toby Belch
this evening's performance of
"Twelfth Night."

Jeff Bottoms, therefore, will be
playing the part of Toby, and
Jordan Dadgett will play the role of
Count Orsino,
both of them having had four days
to prepare their parts.

Your understanding is appreciated.

Enjoy!
